

Product	Appearance	Properties and applications	Chlorine content (%)	Shore hardness A
CPE 3135	White powder	Pipes, profiles, sheets made of rigid PVC and other polymers	34 - 36	< 65
CPE 7130	White powder	Especially for magnetic applications, for high dosage levels of magnetic powders	29 - 31	< 70
CPE 5236	White powder	Suited for TPE and soft PVC, good surface quality	35 - 37	< 60
CPE 2135	White powder	Especially for flame retardant ABS	34 - 36	< 75
